

Comparison Worksheet

Blessed Bath Co.

A new shower is a big decision, and it is smart to compare. Ask every company the same questions and write their answers below. We filled in our column so you can see exactly what you get with us. Take your time. There is no pressure.

Questions to ask any remodeler	Blessed Bath Co.	Company 2	Company 3
Who owns the company, and who is accountable for my job? Will the same people stand behind it years from now?	A local, family company serving Batavia and the Cincinnati area. Owner Dawson prepares your estimate personally and stands behind it.		
Who does your installs? Know exactly who will be working in your home.	 Derek and Randy handle every install		
Are you insured? Ask to see proof before work starts.	Yes. Proof of insurance is available on request.		
What do your reviews and the BBB say? Check Google and BBB yourself before you sign.	5.0 on Google. BBB Accredited Business.		
Can I see finished work like mine? Look closely at the details, not just the overall look.	Yes. Photos of our finished showers are in this folder.		
Will I be rushed or pressured to sign today? Watch for long sales visits and same-day-only deals.	Never. Chris visits to help with design, with no pressure and nothing to sign.		
What warranty will I get in writing? Does it cover only the product, or the work too?	Limited lifetime leak warranty Lifetime product warranty on the products we install.		
What happens if you find damage behind the old tub? Surprises are where costs and delays hide.	Minor subfloor repairs are part of the job. Major structural damage or mold is not in the quote. For your health, serious mold should be handled by a mold professional, and we'll tell you right away if we find it.		
How long will my bathroom be out of use? Get a clear schedule up front.	About 2 days for a walk-in shower or tub. A full bathroom remodel usually takes up to a week. Wait about 24 hours before your first shower. We don't rush one-day installs, so the job gets done right.		
How will you protect my home and leave it? You are letting a crew into your house.	We treat your home like our own. Floors and paths are covered with drop cloths, dust is kept to the bathroom, all debris is hauled away, and we clean up and walk through the finished job with you.		
Who do I call with a question or a problem? You should never have to chase anyone down.	 Dawson directly: call or text 513-582-6048.		
Final written price			
Our promise: no pushy sales. You will receive your final price once Dawson writes up your quote, and you can take all the time you need.			

Why homeowners trust us

 5.0 on Google
